SELECTED EXPERIENCE

Selected Case Work

Supported LS Power in a Second Request issued by the Department of Justice (DOJ) related to its sale of eighteen natural gas facilities and a virtual power plant platform to NRG Energy, Inc. Advised LS Power on Second Request compliance and prepared advocacy materials presented to the DOJ, and presented to the Antitrust Division of the Texas Office of the Attorney General (OAG) on competition in the Electric Reliability Corporation of Texas (ERCOT) electricity market.

Supported Walmart in a Second Request issued by the Federal Trade Commission (FTC) related to its acquisition of smart TV developer Vizio. Advised Walmart on Second Request compliance and prepared advocacy materials presented to the FTC.

Supported expert testimony on behalf of Shell Energy North America (US), L.P. in FERC litigation related to long-term contracts for electricity executed during the Western Electricity Crisis of 2000-2001.

Supported expert testimony on behalf of Anthropic PBC, developer of large language model Claude, in support of a Motion for Summary Judgment in a class action lawsuit brought by authors.

Supported experts in relation to a business interruption insurance claim in the aerospace industry. Evaluated a damages claim in defense and commercial aerospace markets.

Supported Energy Harbor in a Second Request issued by the Department of Justice (DOJ) related to its acquisition by Vistra. Advised the client on Second Request compliance and prepared advocacy materials presented to the DOJ.

ECONIC PARTNERS

Supported a damages expert in a litigation related to alleged antitrust violations in the market for high yield municipal bonds.

Supported an expert in class action litigation related to alleged false advertising of nutritional supplements. Evaluated opposing expert reports in the class certification phase.

Supported expert report on behalf of ExxonMobil Canada Properties, ExxonMobil Canada Resources, Chevron Canada Resources, Petro-Canada Hibernia Partnership, Murphy Oil Company Ltd. And Equinor Canada Ltd. Related to the fair-market value of oilfield services.

Antitrust and Competition

Pre-merger risk analysis: Advised attorneys and companies on the likelihood of Federal Trade Commission (FTC) or Department of Justice (DOJ) scrutiny of potential transactions across a variety of industries. Clients included acquiring and target firms, including target firms in hostile takeovers.

Merger Second Requests: Supported multiple clients in response to Second Requests issued by the FTC or DOJ across various industries.

Merger advocacy and expert testimony: Supported expert advocacy before enforcement agencies related to potential transactions, as well as expert testimony prepared in response to enforcement actions. Provided deposition and trial support for experts.

Non-merger antitrust litigation: Provided support for expert testimony in multiple antitrust lawsuits across a variety of industries initiated by various parties, including companies, plaintiff classes, and states. Provided deposition and trial support for experts.

Electricity Markets

Market design: Performed quantitative and qualitative analysis to support revisions to the market design in various North American electricity markets for independent system operators and market participants. Topics investigated included price formation, financial transmission rights, market power, capacity markets, collateral requirements, and others.

FERC Enforcement: Supported expert testimony in relation to enforcement actions initiated by the Federal Regulatory Energy Commission in response to alleged market manipulation in various North American electricity markets.
